Agfa Radiology Solutions, AHRA, and Cleveland Clinic announce RadX national case competition

RadX becomes the nation's first case competition dedicated to radiology administration

December 16, 2025 GREENVILLE, NC

Agfa Radiology Solutions, the Association for Medical Imaging Management (AHRA), and Cleveland Clinic are joining forces to help the next generation of radiology administrators showcase their potential and drive meaningful change in radiology. Together, the organizations are launching the **RadX National Case Competition**, the first U.S. case competition focused exclusively on radiology administration.

Applications are now open through **Feb. 30, 2026.** The winning team will be announced in **April 2026.**

Highlights:

- The competition is designed to foster innovation, leadership, and operational excellence in medical imaging.
- Student teams will apply classroom knowledge to a real-world radiology administration challenge developed by **Cleveland Clinic.**
- Eligibility is open to students currently enrolled in AS to BS Radiology Administration programs across the United States**.**

Empowering X-ray experts

"*RadX is an additional and important new initiative that supports Agfa Radiology Solutions' commitment to empowering X-ray experts to deliver the best patient care possible. We are proud to bring this opportunity for learning and recognition to the next generation of radiology administrators, and to do it with the support of healthcare industry leaders Cleveland Clinic and AHRA," says Jordan Hermiller, MHA, RT(R) (QM) CPHQ and Advanced Imaging Consultant at Agfa Radiology Solutions*.

“AHRA is proud to join Agfa and the Cleveland Clinic in supporting the RadX National Case Competition. This initiative reflects our commitment to cultivating the next generation of leaders in medical imaging. By engaging students in real-world challenges, RadX not only strengthens academic learning but also inspires innovation and excellence in radiology administration,” says AHRA President Wesley Harden, CRA, FAHRA.

“As the healthcare landscape evolves, radiology administrators will play an increasingly critical role in shaping the future of medical imaging. Through RadX, we aim to challenge, inspire, and support the students who are preparing to lead tomorrow’s imaging departments. Agfa is committed to investing in talent, innovation, and education; and we are proud to collaborate with Cleveland Clinic and AHRA to create a platform that truly elevates the next generation of radiology leaders,” says François Verdeaux, President, Agfa Digital Radiology Solutions.

About the RADx competition

Case competitions are widely recognized for strengthening academic programs through real-world, experiential learning.

For RadX, student teams will receive a detailed case study developed by Cleveland Clinic that focuses on a current challenge in radiology administration—such as AI adoption, productivity benchmarking, capital budgeting, dose management, staffing and workforce planning, or imaging workflow and operations. Teams will have two weeks to analyze the case, develop a solution, and create their presentation.

Submissions will be evaluated by industry experts from AHRA**,** Agfa Radiology Solutions, and Cleveland Clinic. The winning team will receive a cash prize, professional recognition, free AHRA student memberships, and additional opportunities for visibility and networking.
